*lu*cia

Bogotá - Colombia

- Senior Product Designer with over 9+ years of end-to-end product design experience across banking, media, and tech
- Deep design systems knowledge, including AI-led workflows for building and scaling components across teams
- Deep accessibility knowledge, shaped by strict client standards and consistent hands-on application
- Regular experience presenting and running workshops directly with clients and stakeholders
- Strong visual craft, illustration, branding, motion, and photography, paired with core product design competency
- Expanding AI use in prototyping and research to keep pace with an evolving discipline

Work experience

Huge — Google Account 2021 – 2026
Global digital design and innovation agency; embedded in the team supporting Google's product portfolio across web and mobile platforms.

Senior Product Designer | Huge (Google) | 2021–2026

- Designed scalable user experiences for Google products (Youtube, Google Cloud, Google Entrepice and others).
- Contributed to the evolution and maintenance of enterprise-level design systems.
- Collaborated closely with product managers and engineers to deliver user-centered solutions.
- Created wireframes, high-fidelity prototypes, and design specifications in Figma, Figma Make an Claude.
- Improved design consistency through reusable components and design system governance.
- Collaborate within a strong design team through reviews, critiques, shared patterns, and design system contributions.
- Over the past five years, Collaborated remotely with product managers, engineers, designers, and stakeholders working exclusively in English within fast-paced, cross-functional product teams.
- Translate business goals, technical constraints, and user needs into coherent user journeys, information architecture, and interaction models.

El Tiempo 2017 – 2021
Leading multimedia news and media company in Colombia, publishing one of the country's largest daily newspapers and digital platforms.

Senior Product Designer | El Tiempo | 2017–2021

- End-to-End Product Redesign: Leading the complete UX/UI transformation of the firm's web platform, modernizing the visual interface while re-architecting site navigation to optimize user journeys.
- Scalable Design Systems: Developing high-fidelity interactive prototypes and scalable UI kits/components in Figma, ensuring a seamless, developer-ready handoff and design consistency.
- User-Centered Research: Applied UX research methodologies and heuristics to streamline complex user flows, translating dense architectural portfolios and project data into intuitive digital experiences.
- Responsive Design: Ensuring cross-platform adaptability and responsive layouts to maximize engagement across desktop and mobile devices

More experience ...

I have worked for brands such as Fedco, Claro, PYG, BBVA, El Tiempo, Mundo Aventura, Cine Colombia, Fontour, McDonald's, among others.

Inhouse BBVA Colombia : 2013-2014, Agencia DDB Colombia : 2014-2016, Agencia Ogilvy Matter Colombia: 2017 Agencia Jwt - Do babel y Otras : 2017

Tools

Product Design
Interaction Design, Accessibility, Visual Design, Strategy, UX, Data Visualization, Artificial Intelligence, Usability Testing, Motion Design, Journey Mapping, User Research, Design Systems, Wireframing, Prototyping

Tools & Platforms
Figma, Protopie, Webflow, Framer and Github

AI-Assited Workflows
Cursor, Claude, Lovable, Figma Make, NotebookLM, Generative AI

Leadership & Methods
Mentoring, Team Leadership, Agile, Scrum, Kanban

Education

-Bachelor's Degree in Visual Design-Universidad Los Libertadores | Bogotá, Colombia
- Universidad Central, lemotive postgraduate Illustration

Certifications

- Globant Design center- Globant - 2020
- Design VR - AR - IxDF - The Interaction Design Foundation
- Artificial Intelligence Course for UX/UI Designers - 2026
- Claude - Lab 10 -2026

Languages

Native Spanish speaker and advanced English proficiency.
